*This is the Oath of the
Sovereign, sworn since the
beginning of the Empire*

The Emperor is my father,
the Empire my mother,
its people my brothers
and sisters.

I will protect my family
against all enemies,
guide and support them
when I can, and respect
them always.

I will keep my body, mind,
and soul pure.

I will let the dead rest.
Sorcery is unnatural, gives
unearned power to the
undeserving, and robs the
dead of their eternal
judgment. I will protect
all peoples from
its corrupt grip.

My life is the Emperor's.
